EDUCATION AND TRAINING REFORM AMENDMENT (PROTECTION OF SCHOOL COMMUNITIES) BILL 2021: INFORMATION FOR PARENTS, CARERS AND FAMILIES.

This information is for parents, carers and guardians about the new Education and Training Reform Amendment (Protection of School Communities) Bill 2021.

Victorian school communities are overwhelmingly positive and safe places for teaching and learning where we all play a role in supporting students in their achievements, engagement and wellbeing needs. It is likely that you have heard the recent media announcements that the Victorian Government has introduced the *Education and Training Reform Amendment (Protection of School Communities) Bill 2021*. If passed through parliament, the proposed Bill would come into effect in May 2022.

The Bill aims to protect and keep school communities safe by preventing and deterring violent and aggressive behaviours from adult members of the school community and ensure that schools are positive, safe and inclusive places to work and learn. This Bill will apply to the small minority of adult members of the Victorian school community who engage in this behaviour, after early conflict resolution measures through non-legislative avenues have failed.

The proposed law will empower principals and other authorised persons to issue School Community Safety Orders in response to parents, carers and other adult members of the school community who engage in harmful, threatening, abusive or disruptive behaviours on school grounds or places where school activities take place, or inappropriate and harmful communication through emails and social media.

This Bill will apply to the small minority of the school community who engage in this behaviour when all other reasonable interventions have failed. The changes would ensure that all members of the school community are kept safe and to minimise any harm to their safety and wellbeing. There will be internal and external review mechanisms in place if a person who is subject to a School Community Safety Order wishes to appeal an Order. Arrangements will be available to ensure parents can still remain engaged in their child’s learning and to minimise any disruption to the student.

This Bill would not replace the existing avenues to raise any complaints, issues or suggestions with schools. By continuing to engage with these communication channels in a respectful and collaborative manner, we can continue to work together to support our students. Further information about the details of the Bill will be communicated to you if the Bill is passed by parliament.

Here is a snapshot of our learning this week:

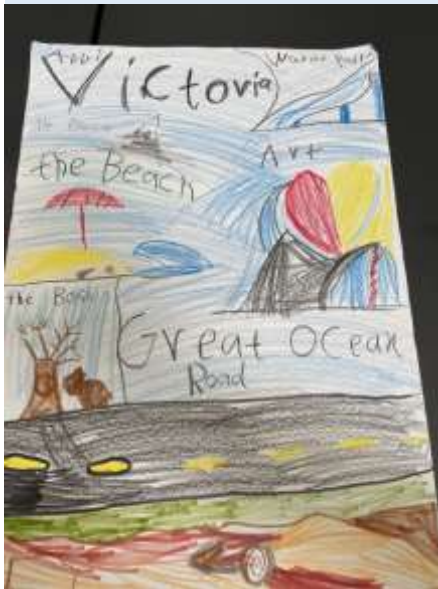

Life Ed Van 'Growing Good Friends':

The junior students enjoyed being a part of the Life Ed Van during weeks 4 and 5. They explored what it means to be a good friend, discussed the important people in their lives and delved into healthy eating. Following this experience all students reflected on what they learnt from the session during class time by completing different activities provided by the program.

Geography

Over the last couple of weeks students have been learning where in the world Victoria, Melbourne and Anglesea are. We had fun looking at a map of the world, identifying Australia, Victoria, Melbourne and Anglesea. Students loved sharing and finding where different people in their families were born. We watched a story titled 'Where in the World is Melbourne?' which highlighted all the wonderful activities, events and natural wonders the city as well as Victoria has to offer. Students then created posters advertising why tourists should visit Melbourne.

Sally Morgan Inspired Artwork:

The student's looked at Sally Morgan's Indigenous story books, 'Where is Gala' and 'My Country'. Focusing on the style of artwork and the different messages and meanings behind each story. They then went on an environment walk, identifying different things in the school environment that they could use to create their own 'Sally Morgan' style artwork.

Respectful Relationships

Over the last few weeks students have been focusing on learning and practising the skills needed to foster positive gender relationships. They have taken part in a variety of activities to help them develop and enact an understanding of the positive impact of respectful gender relationships as well as develop and practise help seeking strategies. In this activity students

first discussed friendly versus rough play and the impact of this on others. They then drew a picture of how they show friendly behaviours at school.

Students also require appropriate footwear for their chosen sport (runners for Netball and football boots/runners for Football). A special thank you to teachers and fellow students for creating a respectful and quiet learning space while this testing was taking place.

Uno Tournament

Literacy

During Writing, the Grade 3 and 4 students have been crafting poems including Haiku poems. A haiku is a type of short poem originating in Japan. Haikus have only three lines (but can have any number of words). It must be in the syllable-form, 5-7-5: the first line having five syllables, the second line seven and the third five.

Some of our 3 / 4 students Haiku's:

Moose is on the loose
Then he went to find a zeus
Then he found a goose.

By Cillian

Platypus are real
 And they are so amazing
 They are monotremes
By Teddy

Football is awesome
 You can kick very high up
 Football is the best

Inquiry

Students in Grade 3 and 4 have been busy researching their country of choice as part of our Geography Inquiry unit, linked to the upcoming Tokyo Olympics. Students have learnt how to do a keyword search on the internet, skimming and scanning for information, taking notes and ensuring that they are using credible sources such as National Geographic Kids. Students will be presenting their information as a poster and we are looking forward to seeing them display their findings in a creative and colourful way.

Some interesting facts about that students have discovered about their countries include;

“Italy has 39,000 gelato shops!” - Nick

“Albania has a red flag with a black double-headed eagle in the center. The red stands for bravery, strength, valour and bloodshed, while the double-headed eagle represents the state of Albania.” - Lily S

“Fun fact: The 1st King of England made a law that everyone had to be in bed by 8pm!” - Blake

Gardening - Biological Science

Some students from Grades 3 and 4 enjoyed a day where the sun broke through the clouds and we could finally roll our sleeves up and get busy with some gardening. We learnt about how mulch helps to keep our garden sustainable and spent time carefully weeding, identifying plants, learning about safety when using gardening equipment and laying some mulch.
