ACTING PRINCIPAL'S COLUMN

School Values: Respect, Responsibility, Kindness and Collaboration.

I hope everyone has had a restful long weekend. We are nearing the end of Term 2. Students and teachers have been very busy working towards achieving learning goals.

GMHBA HEALTHY HEROES. On Friday, our Grade 3 and 4 students had a visit from some players from the Geelong Football Club as part of their Healthy Heroes schools outreach program. We had some very excited students who were very happy to meet premiership players Rhys Stanley and Sam De Koning.

BIOCATS EXCURSION. Next Monday, our Grade 5 and 6 students will be heading to GMHBA Stadium in Geelong to participate in the BioCats session. BioCats is a program that is run by BioLab, which is a State Government funded Biological and Sport Sciences based Science centre. Students will participate in a series of fitness and skill test which they will collect data from and compare to the standards of professional athletes. A note was sent home via Compass yesterday, parents/carers will need to opt into this activity. There is no cost to families for this excursion.

ANGLESEA ART SHOW. Over the long weekend the annual Anglesea Art Show was held at the hall. Our Art teacher Karren Stoneham collected work from all the students to produce a large collaborative piece (see below). There were some prizes that were awarded to four of our students. 1st Prize went to Jewel, Cosmo received 2nd prize, Ollie Ma received 3rd prize and Fleur J received a highly commended prize. We will present the awards at assembly this week. Their work is on display outside Colleen's Office.

Thank you to the parents who volunteered their time to assist with setting up and packing up the work and to Karren Stoneham for her time and work in organising and coordinating the school's art display.

SEMESTER ONE ACCADEMIC REPORTS. Staff have completed the student Semester One academic reports. These reports are accessible via Compass from today. Please follow the steps from the Compass notification. If you are having any difficulties accessing your child/ren's reports, please contact the school and we can arrange for an alternative format (email directly to you or paper).

PARENT/CARER/TEACHER CONVERSATIONS. We are holding Parent/Carer/Teacher Conversations on **Tuesday 20th June** between 1:00-5:45pm. This is an opportunity for you to have a short (10 minute) discussion about your child/ren's learning and progress during Semester One. The bookings are open and can be made through Compass. Please follow the steps from the Compass Notification. If you are having trouble making a booking you can either contact your child/ren's homegroup teacher or, speak to Colleen in the office.

Wellbeing

Next week for wellbeing the Grade 1/2's will be watching 'Inside Out' to help us learn more about feelings and regulating our emotions. 'Inside Out' is rated PG so if you have any questions or concerns, please talk to your homeroom teacher.

Lost property/Missing items

There is lots of lost property around the school (Un-named), if your child is missing any items could you please come into the building and check if it belongs to your family. We try to put all lost property in the tubs outside the office. We also have some missing items of clothing, could you please check your child's bags and items at home to make sure they belong to you. If you find anything that is not yours, please hand it in to the office or your child's homegroup teacher. Thank you!

Tigers and Reindeers

In mathematics the preps participated in Olympic 'throwing' events in the stadium. Students used hefting to weigh the objects we threw and ordered them from heaviest to lightest. From there, they made predictions for which object could be thrown the furthest. Students measured their throws in steps and recorded this information in their books. Below are some pictures of the students.

On Monday 19th June, Grade 5/6 students will travel by bus to GMHBA Stadium in Geelong to participate in the BioCats session. Yesterday there was a Compass notification for parents to opt their child/ren into the event. Please do so by 9am on Monday. There is no payment required for this event.

Body Business

The Grade 5 and Grade 6 Body Business sessions were cancelled today, but have been rescheduled for next week.

Reading

This week, Senior A and Senior L students have looked at determining the important information of the texts they have read by using the THIEVES strategy. The THIEVES strategy is an acronym that stands for Title, Headings, Introduction, Every first sentence in a paragraph, Visuals and Vocabulary, End of chapter questions and Summary. By using this strategy when reading their novels, the students are able to prime their brains to better retain and understand the important information from the texts that they read.

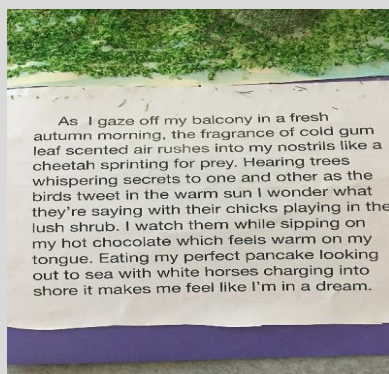

Maths

This week in Maths, the Grade 5/6 students have been looking at the area and perimeter of different shapes. The students have identified the calculations that are required to find the perimeter and area of different shapes and how these skills are very transferable for them into the real world. It was great to see the students so enthusiastic and capable of finding the area and perimeter of a variety of regular and obscure shapes.
