**Thank you in advance. The Junior teachers.**

**It's been another fun and busy week of learning in the JLC. Below is a snapshot of our week.**

***Wallabies- Bounding into Learning- English***

This week in **Reading**, the Wallabies 'zoomed in' to nouns and adjectives used by Roald Dahl to describe the BFG and Miss Trunchbull. They also viewed the beginning of the movie The BFG and used nouns and adjectives to describe the setting. In **Writing**, students drew a picture of themselves in their 'Book Week' costume. Next, they labelled the different parts of their costume using nouns and adjectives to give a detailed description for their reader. For **Sounds Write (spelling- extended code)** the Wallabies focused on the different sounds of **ee** (e, ee, ea, y). In **Word Study**, students made homophones (two or more words having the same pronunciation but different meanings and spelling) with the sounds of **ae** linked to their 'Sounds Write' spelling from last week. For example, main/mane, steak/stake and pane/pain.

### ***Piranhas- Snapping up Success***

Over the last couple of weeks, the Piranhas have been practising telling o'clock, half past, quarter past and quarter to times on analogue and digital clocks. Students have watched videos, made their own clocks and played games to help them remember how to read clocks. Students also completed their seasons posters. We used calendars to learn to read how many days in each month and when the first and last day of the month is.

In Reading and Spelling students continue to participate in the Sounds Write lessons. We have been building on our knowledge of digraphs and are now focusing on the 'th' (unvoiced) spelling. Students have been word building, segmenting and blending words such as 'theft, thank and thud', as well as playing sound swap nonsense word games. For dictation, students have been writing sentences using double consonants such as 'ff' and 'll' and also focusing on learning to use punctuation such as 'talking marks' and apostrophes correctly.

### ***Persistent Puppies and King Parrots***

This week in Maths the King Parrots and the Puppies have been collaborating to learn about Australian coins. They have been learning to

recognise and order coins according to their value and have discovered where and how coins are made. The students created their own money bags and did coin rubbings.

## MINI FETE - 2022

Attention families, after a two-year hiatus the Anglesea Primary School Mini Fete returns!

For new families to the school, the Mini Fete is a school run fete held at the end of term 3 (Thursday 15th September) between 10am-12:30pm. The stalls and activities at the Mini-Fete are run by students and staff for the students and school community. All the proceeds of the Mini-Fete go towards the school with the funds used on projects or equipment decided by the Student Voice Leaders and Student Voice representatives. The allocation of funds for this year are yet to be confirmed. In the past the Mini-Fete profits have paid for the purchase and installation of our second flagpole (Aboriginal Flag) and purchasing more sporting equipment.

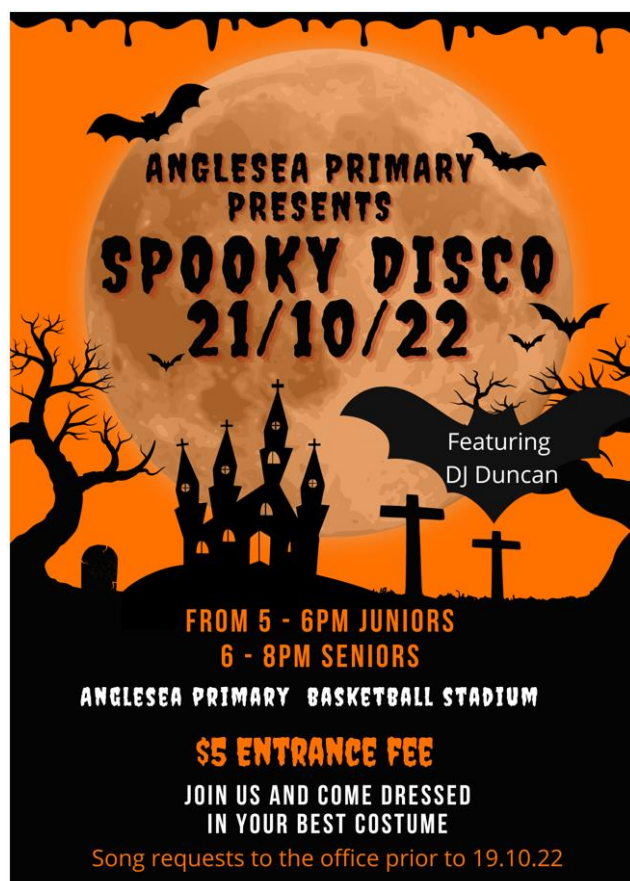

On the day, students will arrive at school at the normal time dressed in a sporting teams colours or uniform with a gold coin donation for Footy Colours Day which raises money for Fight Cancer Foundation. The fete commences at 10am with students being rostered on to work at stalls throughout the fete. The fete will wrap up around 12:30pm with winners from the different activities announced. The Sausage sizzle orders (pre-orders only) will be delivered to home groups at lunch time. Students and staff will work together to clean up the school and rearrange classrooms. Home time will be at the usual time of 3:30pm.

Although there is food available to buy, we encourage all students to still bring their regular recess and lunch foods.

This year there will be a wide range of stalls and activities for students and visitors to partake in. There will be a range of different food options from fruit sticks, popcorn, milkshakes and sausage sizzle to Poffertjes (Dutch pancakes). Some of the activities include games of chance, DISCO, video arcade, paper airplane contest, mini golf, number of basketball shots in a minute and many more.

Prices for the stalls and activities varies from 20cents to around \$2. If your child/ren are to come to school on the day with around \$10 to spend, that will allow them to have plenty of spending money for food and activities.

This event's success is run off the back of the donations made by families and staff. Please carefully read either the senior and or junior newsletter items to find out the donations that you could potentially contribute to the day.

## Mini Fete

The Angleasea Primary School Mini Fete will be held at school on Thursday 15th September from 10am - 12:30pm (last student day of term 3). This is a fantastic day of fun for our students and a great chance for us to raise some money for our school! It would be appreciated if students could be given some extra jobs at home to earn some pocket money to spend on the food and activities that each year level will be coordinating and running on the day. Each student will be rostered on to 'work' on their year level's stall for 20-minute shifts and may be required to do 2 or 3 shifts throughout the day. A timetable will be circulated to students closer to the date.

The Grade 3 and 4s will be coordinating and running the following stalls;

- Cupcake/Muffin stall
- Sausage Sizzle \* (to be pre-ordered & paid - order form to go home closer to the date. To be cooked from 12-12:30 and delivered to homegroups at lunch time i.e., 1:30pm)
- Mini Disco
- Basketball Shots in a minute

We would appreciate it if families could donate baked cupcakes or muffins for us to sell in our cupcake/muffin stall. These can be iced and decorated or plain. We would require these to be clearly labelled with all ingredients to ensure the safety of students with food allergies and intolerances. Please do not bring in your cupcakes or muffins until the morning of the Mini Fete (Thursday 15th) as we do not have the space to store them.

The Grade 5 and 6s will be coordinating and running the following stalls;

- Milkshakes/ice cream cones
- Poffertjes (Dutch Pancakes)
- Mini Golf
- Longest Kick
- Mario Kart (Video Game arcade)
- Popcorn
- Stop the Clock
- Paper Aeroplane contest

The donation requests that we are making to families are for the following;

- Milk
- Vanilla ice cream
- Caramel, Strawberry and Chocolate topping
- Ice cream cones (the smaller ones)
- Corn kernels (bags that go into the air popcorn poppers)
- Paper cups
- Paper plates
- Paper serviettes
- Flour
- Eggs
- Small toys/items that can be used as prizes (stickers, bouncy balls, toy cars etc.)

If you can contribute to this list, please let your child and home group teacher know so we can take the items off the list. Tomorrow afternoon, 5/6 students will be signing up for the roster to work on different activities and stalls as well as looking at what donations they can each contribute to.

## Thank you!

On Friday, our pre-service teachers Peter and Amy will be finishing their final placement. This is their last placement for their degrees and both will be finished university by the end of the year. We wish them both the very best and will be more than happy for them to come and help in our classrooms. Thank you very much Peter and Amy!

## Reminders

### **Hats**

A reminder that we begin wearing hats on the 1<sup>st</sup> of September. The school's SunSmart policy states that students must wear the school wide brimmed hat from 1<sup>st</sup> September until the 30<sup>th</sup> of April. Can you please ensure that your child/ren have the school wide brimmed hat at school each day as we have a 'No hat, No play' policy? Please name all your child's belongings as we have many unnamed, unclaimed jumpers, hats and drink bottles in the lost property bin at the front office.

### **School Uniform**

We have noted that some Senior school students are coming to school out of school uniform. Our school has an attractive uniform, and it is School Policy that all children wear the uniform or provide an explanation if they attend school out of uniform.

### Bluearth

On Monday, Joaquin and Fletcher planned the Bluearth session for Senior A and Senior LT. They had to plan a warm-up, skill practice, main activity, and cooldown/reflection. They did a fantastic job of planning this session and took their role of House Captain seriously. Below are some photos from Monday.

## Coding Club

This term, we have continued running the lunchtime Coding Club. These sessions are to provide students who are keen to learn about coding the opportunity to do so for 25 minutes every Tuesday lunchtime. Throughout our coding sessions, students have worked carefully to create a robot that will be able to complete the obstacle course that the students have designed and will soon create. It has been great during the Coding Club to see the students working collaboratively in a kind and respectful manner.

## Maths

The grade 5/6s are currently exploring a fractions unit, beginning with finding strategies to find equivalent fractions and compare fractions. On Tuesday, the students participated in a task called 'Choose your own NBA team'. The students were provided with statistics (In the form of fractions) for players in different positions in the NBA (Basketball). The students had to analyse the data for each of the players in each of the positions, then determine the players they wanted to pick for their team. They had to justify why they had chosen each player by referencing the strategies they used to compare the fractions. The students had this to say about the task:

- **Fletcher:** "This was the most fun and engaging math task ever! We got to learn about a topic I am interested in and it was fun converting the fractions into percentages for the players statistics."
- **Casper:** "It was very fun and creative because we had a lot of options to choose from, we could create our own team, name it and design a logo. I could choose the task where I was able to compare the fractions easily and choose my team from there."
- **Macie:** "I like how we could use different strategies to compare the fractions of the players statistics. The task was really engaging because we could have fun as well, by creating the name for the team, designing a logo and choosing the players for our own team."
- **Mary:** "I chose the hard version and it was good because it challenged me. It was not only fractions, but I also got to compare the data and I learnt a lot from it. I learnt how to convert fractions into decimals by dividing the numerator by the denominator. I could also use my other strategies to compare the fractions too."

#### **Grade 4 Pen Licences**

Well done to Lexi and Jewel who were awarded their pen licences this week. These students have demonstrated the following handwriting qualities;

- Handwriting is neat in all books, not only in writing books.
- Writing is on the line.
- The size of letters is consistent and the space between words is correct.
- Letters are formed correctly.

#### **Awards**

Senior L/T - Tom / Dylan  
 Senior A - Seraphine / Cillian  
 Senior G - Sam  
 Senior V - Eoin

#### **Legend of the Week**

Senior L/T - Charlie  
 Senior A - Amber

#### **At Home Reading**

We expect every child to read for at least 20 minutes at home every day. This helps to build fluency, reading skills and strategies that your child is working on in class and helps to foster a love for reading.
