## PRINCIPAL'S COLUMN

**School Values:** Respect, Responsibility, Kindness and Collaboration.

**THANKS.** To Ms Fleur for competently filling the role of Acting Principal during my absence the last two weeks. Thanks also to the staff, students and our community for supporting Fleur.

**RIVERBANK MARKETS.** Thanks to Sandy and Luke who have put their names on the roster to help at the Market this Sunday. We still lots of spots to fill, so please let Colleen know if you can help by 1:30pm tomorrow.

**SHADE GRANT - SUCCESSFUL.** Our grant application to the School Shade Program provided by the Cancer Council / Department of Health to erect a timber gazebo over the outdoor seating in the garden was successful. This means we currently have three upcoming projects:

- Erecting a shade structure next to the Grade 5 and 6 classrooms using \$25,000 of School Shade Sail grant funding. Parents Club fundraising and school-based funds will provide a timber deck under the structure. We are hoping this is completed during the summer holiday break.
- Installing a new playground during 2023 using \$200,000 of Inclusive Schools Playground Grant funding.
- Installing a gazebo in the garden using \$19,500 of School Shade Program Grant funding.

**OPEN AFTERNOON AND SEESAW.** Tomorrow we will host an Open Afternoon to allow parents/carers to visit the school and see some of the work the children have been doing from 3-3:25pm. Also, on this day we have scheduled for the teachers to share a task via Seesaw that the students have completed at school.

**ASSEMBLY.** There will not be an Assembly tomorrow due to the Open Afternoon.

**SPOOKY DISCO.** By all accounts our Parents Club disco was a huge success with the children having a great time! Thanks to Parents Club for organising the event. Also, to the staff who gave their time to attend and help. A big thanks to Mr Lester for bringing all his musical equipment for the disco.

**MELBOURNE CUP PUBLIC HOLIDAY.** A reminder that Tuesday 1<sup>st</sup> November is a student free day due to the Melbourne Cup holiday.

**WORKING BEE IN THE KITCHEN GARDEN.** This Friday from 10:30am to 12:30pm some of our parents/carers will give their time to prepare the Vegetable Garden for our Kitchen Garden program. If you would like to help with weeding, mulching, filling up garden beds, etc please feel free to join them.

**IPAD/ICT SURVEYS.** Recently the school hosted a parent/carer information session regarding our iPad/ICT program with ten parents and five teachers attending. An outcome of the session was to develop surveys to gain feedback about this program from students, staff and parents/carers. The parent/carer was distributed today via Compass and staff have received the staff and student surveys. It would be great if all surveys were completed by 1:30pm on Wednesday 2<sup>nd</sup> November.

Anglesea PS: great staff, great students, great community = great school!

# Junior News

**Request.** The **Wallabies** will be commencing a unit of work around **units of measurement**. We would really appreciate it if you could send in empty bottles, milk cartons, cereal boxes etc. Students will be using these to explore and help them understand litres, millilitres, grams and kilograms.

**It's been another busy week of learning in the JLC. Here is a snapshot!**

## *Wallabies- Bounding into Learning*

This week in **Mathematics** the Wallabies put their skills of **multiplication, division, measurement, money and fractions** into action, by completing an authentic learning experience. Students organised a 'Birthday Party' with pizzas, soft drinks, lolly bags and of course a birthday cake. First, each student decided on how many would be at his/her party, including themselves. Next, they worked out the fraction of pizza each person would get, and how many pizzas they would require to achieve this quantity. The Wallabies then decided how much each pizza would cost and calculated the total cost using multiplication. Students then decided they would buy 2 litre bottles of soft drink and how many cups each person would get. Students worked out that they would get 8 cups from each bottle, which helped them with how many bottles they would have to buy. Next, students partitioned their birthday cake into equal pieces to work out the fraction each person would get. Students with a larger number of guests decided on having more than one cake. Finally, students made a lolly bag and calculated the fraction of items. Then, they multiplied the bag by the number of guests to work out how much of each lolly they would need. We were impressed with how students could transfer their knowledge, strategies and skills learnt to complete this task with success. Well done, Wallabies!

## ***Piranhas- Snapping up Success***

Over the last 2 weeks the Piranhas have been designing a maths board game using the different skills they have learnt this year. To be successful students had to think of how they would engage their audience, the maths they would include, what materials they would need and how to modify their game until it worked.

To bring awareness to ADHD month students watched some videos and listened to stories that focused on diversity and what makes each one of us special due to the strengths we have. Students then created a puzzle piece drawing of themselves. We brainstormed a variety of their strengths. We then discussed our own strengths and what makes us special. We wrote our strengths onto each puzzle piece to represent our beautifully diverse class.

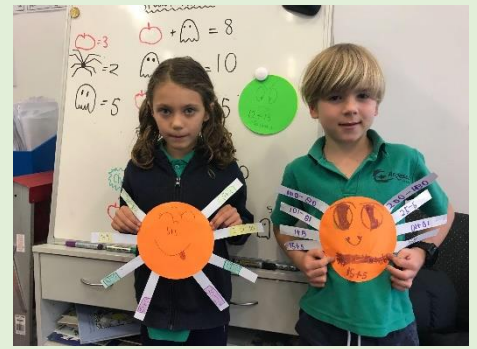

## ***King Parrots & Persistent Puppies***

The King Parrots and the Prep Puppies have been working together for a couple of 'SPOOKTACULAR' maths sessions this week. Students participated in a range of open-ended activities where they could enjoy some fun Halloween themed maths activities and work at their own pace to achieve their current maths goals. Activities included Spooky Spiders where students came up with 8 different ways to make the same number, a variety of coding activities, addition and subtraction ghosts, 'I spy' counting and place value activities, number sequencing, graphing spooky creatures and playing dice games that filled a cauldron with ingredients for a mathematical witches' brew! It was fun to have Miss Karren join us to take some extra focus

groups this week too. Well done on showing our school value of Collaboration, Parrots and Puppies!

### *Awards*

No awards this week due to no assembly.

### Senior Specialist Day at Anglesea Tennis Club next Wednesday

A final reminder about the exciting day planned for all Senior students next Wednesday!

- We will walk with the students to and from the tennis court precinct
- Karren Stoneham will run an art session in the club house rooms, Jade Scholtes and Amy Hyland have organised beach games and activities for their specialist sessions.
- The Grade 6 students will be taking graduation photos.

- **Students must wear runners** to play tennis due to the sensitive surface of the courts. **No runners no play.**
- At present the weather is looking cool and wet. Pack warm/weatherproof clothes for your children. School uniform and hats must be worn.
- If the weather is looking too inclement, the day will be cancelled, and regular specialist classes will run at school
- Pack extra food, the children will be burning up plenty of energy!
- We will have a wellbeing space set up in the tennis court clubrooms

### **SSA Nipper Day**

Unfortunately, Anglesea Surf Lifesaving Club has withdrawn their support for the event at the very last minute. This means this event is cancelled due to a lack of available personnel. The SLSC have had to redirect their resources and personnel to the flood areas to assist the SES.

As always please feel free to contact me with any questions you may have.

### **Requests**

As part of our History Inquiry unit on Explorers, students in Grades 3 and 4 are creating a diorama to present their findings. All students will need to bring in a shoe box or similar size box to use to create their diorama. If anyone has extra boxes that they are willing to donate that would be appreciated.

We are running low again on tissues. If you can donate a box, it would be greatly appreciated!

### **Lorne on the Lawn**

Tomorrow the Grade 5/6 students are heading on an excursion to 'Lorne on the Lawn'. Yesterday there was a Compass notification sent to families, to allow your child/ren to attend this excursion that needs to be approved by 9am Friday morning.

Please ensure that your child/ren are at school on time tomorrow in full uniform, with a hat, clothing for the weather (rain/warm jacket), refillable drink bottle and their snack and lunch to eat.

The bus we are travelling on will have us returning to school by approximately 2:30pm (in time for our Open Afternoon).

### **Grade 6 Memoirs**

As part of our graduation process, grade 6 students will this term be producing a memoir on their years at primary school. To assist with the publishing of a quality piece of writing, it would be beneficial for students to have photos of themselves throughout their schooling. These can either be digital on their iPads, sent via email to homegroup teachers or hardcopy for teachers to scan.

In the past some students have chosen to present their memoirs in a scrapbook, this has been purchased by families. Here is a link to an example of a scrapbook your child could use:

<https://www.spotlightstores.com/art-craft/paper-craft/paper-tools-machines-accessories/francheville-scrapbook-album/BP80532871-tan>

Alternatively, students can use a display folder or print, laminate and bind work. We have shown students examples of memoirs at school now, please start to organise this as soon as you can.

As part of our graduation ceremony, we also require 3 photos for our slideshow we produce. Can you please organise for your child to bring these in on their device or email to your child's homegroup teacher:

- Baby photo
- Toddler photo
- Current photo

### **CFA Project**

Last week all 5/6 students walked to the Anglesea CFA station to have a session to familiarise them with the station and the different purposes of the equipment used by the fire brigade. For the remainder of the year, Jamie McKenzie will use his time with students to work on their action projects, to develop plans of what can/will at the neighbourhood safer places in the case of a bush fire emergency.

### **At Home Reading**

We expect every child to read for at least 20 minutes at home every day. This helps to build fluency, reading skills and strategies that your child is working on in class and helps to foster a love for reading.
